DEPARTMENT OF CHEMISTRY

Michael J. Tubergen, Professor and Interim Chair.
Paul Sampson, Professor and Assistant Chair.

Degrees Offered:
B.S., M.S., Ph.D.

Fields of Specialization:
Analytical, Inorganic, Organic and Physical Chemistry and Biochemistry.

Interdisciplinary Program: Chemical Physics Interdisciplinary Program (Liquid Crystal Institute, Physics, Mathematics, Computer Science); Cellular and Molecular Biology Program (School of Biomedical Sciences, Biological Sciences).

See Biochemistry Section.

See Medicinal and/or Pharmaceutical Chemistry Section.

See Environmental Science Section.

BASU, SOUMITHA Assistant Professor. B.Sc., 1984, Burdwan University; M.Sc., 1987, Burdwan University; Ph.D., 1990, University of Southern Mississippi. Post-doctoral Associate, 2000, Yale University. Biochemistry; Medicinal and/or Pharmaceutical Chemistry. Drug Targeting and Delivery. TEL: (330) 672-3906 FAX: (330) 672-3816

Email: sbasu@kent.edu

No publication information submitted for this edition.
